I was born in Sacramento California in 1978. When I was 5, I moved to North West Arkansas, where I lived until I was 18. At that time I join the US Army's Chemical Corp and specialized in nuclear and chemical weapons. A few years later I was hired as the lead maintenance worker for Chatham County Mosquito Control. I worked for mosquito control for 3 years before joining the Savannah Chatham Metro Police Dept. I was a police officer for 3 years. In 2010, I returned to mosquito control and I have been here ever since. In 2022, I moved to Lake County Florida to become Program Manager of the Public Works Mosquito and Aquatic Plant Management program.
